

ADD IPMB TO YOUR **CRYPTO.COM DEFI WALLET**

USING THE IPMB ADDRESS

1. Click the 'IMPORT TOKENS' button on the homepage. Alternatively, press 'MANAGE TOKENS', press 'IMPORT' in the top right corner.

2. Select the network - "BNB SMART CHAIN" and fill in the IPMB token contract address:

0xF4634AA2dF0f733a3Cc7033aD75b4Ea1Bb93f1a3

3. The Crypto.com DeFi wallet will automatically populate the IPMB token's name, symbol, and decimals.

4. The import button will be enabled once the information is populated. Simply click it to finish importing your IPMB token.

USING THE QR CODE

Simply scan the code below to add IPMB coins to your Crypto.com DeFi wallet.
